**PLEASE JOIN THE NEXT COMMUNITY FORUM,
OCTOBER 11TH 6:30PM HIGH SCHOOL AUDITORIUM**

The Town, in partnership with the MSBA and the project team, will gather information, listen, learn, establish goals, and develop options throughout the fall. In December the options will be refined and further assessed. Faculty and community forums will occur throughout the process. The grade configuration decision is expected to occur over the course of several School Committee Meetings in January, and the final solution selected by the School Building Committee in February 2023.

THE AGENDA FOR THIS MEETING INCLUDES:

- Initial assessment of the Elmwood building & site
- Preliminary look at new additions or new building on site
- Exploration of potential alternative sites & site criteria
- Overall sustainability concepts & net-zero-energy

OTHER IMPORTANT DATES:

Nov.2 **Community Forum-II** on vision/grade configuration
 Dec.7 **Community Forum-III** on sites/options & traffic
 Mid-Jan. **School Committee** grade configuration deliberations
 Jan. 24 **Community Forum-IV** review shortlist of options
 Mid-Feb. **Building Committee** selects the preferred option
 TBD **Community Forum-V**
